

**CRS 2026 LISBON, PORTUGAL
July 6 - 9, 2026**

NORTH AMERICAN OFFICIAL INTERNATIONAL SHIPPING INSTRUCTIONS

Airways Freight Corporation is pleased to be appointed as the North American exhibition forwarder for **CRS 2026**. In this capacity, in partnership with your event association, we will be coordinating exhibition freight forwarding to / from CRS 2026 Lisbon, Portugal. Two of the keys to a successful exhibition are early logistical planning, and attention to detail. We therefore encourage you to take note of the key information contained in these instructions and start your successful planning now!

DESTINATION AIRPORT DEADLINE	JUNE 24

KEY EVENT DATES

EVENT SET UP	JULY 5 - 6
EVENT	JULY 7 - 9
MOVE OUT	JULY 9

NORTH AMERICAN PICK UP / EXPORT SERVICES

Airways Freight Corporation can arrange pick up from any North American location + arrange export clearance services, as well as return services after the show (if returning). All articles for give-away, sales, or consumption, will be cleared as dutiable entries. For goods that will be re-exported to your US Origin location, we recommend the use of an **ATA Carnet**. Please ensure your shipment packing list with values clearly distinguishes between items that will be consumed vs. and items that will be re-exported. Carnet list sheets or invoice templates are available upon request at: intshows@airwaysfreight.com

COURIER SHIPMENTS: We strongly discourage the use of international courier services for your material to CRS 2026 Lisbon, Due to strict importer regulations in Portugal, your items can easily be delayed due to applicable duty / taxes or unknown EORI (Required European importer of record information).

EXPORT DOCUMENTARY REQUIREMENTS

- **Separate shipment lists should be provided for temporary vs consumable entries** (consumables include give-away items). Unless you have a valid Portugal importer of record, an **ATA carnet** should be used. Please list the contents / values within each carton / crate in English plus state **per unit values** as well as **total value** and should contain full descriptive detail of each commodity shipped along with any corresponding model and serial numbers for equipment or hardware.
- **Pre-sold goods** must be clearly identified as such, so that appropriate importer information, and customs data, can be gathered, prior to entry. Please notify us prior to shipment if your equipment has already been sold.
- **Dangerous goods must be shipped in accordance with IATA dangerous goods regulations (Air)** Special arrangements must be made for their movement. It is the shipper's responsibility to properly label cargo containing dangerous goods and to properly complete the DG forms allowing their movement for the mode of transportation you require. Deadlines for dangerous goods shipments are 1 week prior to those deadlines listed above and prior approval of these documents must be obtained prior to shipment.
- **LITHIUM BATTERY NOTICE:** Lithium batteries of all types, even those packed in small devices, such as laptops, ipads, power drills, etc. are now considered Dangerous Goods by IATA and the FAA, and are regulated as such. If you are sending these items by air freight, they must be identified, properly marked and declared, as per IATA regulation. Companies not familiar with the transport of these items should consult their forwarder or seek the services of a professional DG packer prior to shipment. You can also get more information from Airways at intshows@airwaysfreight.com
- **Commodities requiring additional documentation, permits, and other governmental agency approval:**
 - Food stuffs & beverages
 - Pharmaceuticals
 - Medical Devices and instruments
 - Military and defense articles
 - Self-powered vehicles/combustion engines
 - Dangerous goods (including lithium powered devices)
 - Perishables
 - Items emitting radiation (including monitors, lasers, etc)
 - Textiles and garments
 - Wood products

If your shipments contain any of these items, please contact us to confirm admissibility requirements prior to dispatch of your shipment.

PORTUGAL CUSTOMS CLEARANCES, TRANSPORT AND STORAGE SERVICES

Airways Freight will partner with our long-standing partner **RANGEL** for Customs Clearances plus all services required for movement of event shipments to and from stand locations. These services include **Clearances, airport transfers, deliveries to pre-event warehouse, movement to / from stand locations on required dates. Storage services for empties during the event.**

To discuss your pending shipments, please contact us. A booking form will also be available upon request.
We look forward to supporting you!
