1. INTRODUCTION

Dear Exhibitor/Agent,

Rangel Fairs & events is the only official logistics operator allowed to operate inside the venues of Feira Internacional de Lisboa (FIL) and Centro de Congressos de Lisboa (CCL)

These instructions will assist you in preparing for the correct and timely dispatch of your exhibits in Portugal. We suggest that you read these instructions carefully and contact us if any doubt may occur.

Failure to comply with the deadlines and instructions will cause unnecessary delays and may lead to additional expenses being incurred. Please read these instructions carefully and note that all work undertaken by **RANGEL** is done in accordance with our Standard Terms & Conditions, quote or tariff supplied by us.

RANGEL will accept no responsibility for late or non-delivery to the venue/s if these guidelines and/or recommendations are not followed.

Anyone sending goods directly to the venue or to the advanced warehouse, from outside the EU should ensure their logistics operator to customs clear the goods into Portugal. Any shipment that gets stuck in Portuguese customs that required our assistance will be charged accordingly.

We strongly recommend that anyone wishing to ship items from outside the EU contact us in advance to discuss the best method of shipping.

3. CUSTOMS CLEARANCE IN PORTUGAL:

We will handle the customs formalities on exhibitor’s/customer’s behalf. Rangel cannot be the importer of your goods.

Depending on your needs, we can clear your shipment in one of three ways:

- Permanent Duty-Paid Entry: used for all goods which will remain in Portugal and will not be re-exported. This includes all giveaway items such as brochures and samples.
- Temporary Entry: allows temporary import into the Portugal without paying duties or taxes. And needs the double time for arrivals.
- ATA Carnet: goods are imported without the payment of Customs duties and taxes but may not be given away or sold. All items must be re-exported at the end of the show.
 - Temporary / definitive goods must be packed & shipped separately.

Due to regulations, all imports in Portuguese territory must have an EORI / VIES valid number to perform the definitive or temporary clearances. If exhibitor doesn’t have one we can perform the import clearance under a PASSPORT number of an exhibitor’s attendee. For this we will need the passport copy.

Courier companies (DHL; UPS; FEDEX; TNT; etc) might seem the cheapest option but be aware that often they may not perform customs clear(in particular goods for temporary) and we have to intervene. Also note that couriers in your home country do not give out accurate Portuguese Customs informations. Courier shipments must be sent pre-paid including local taxes & duties. Any taxes & duties that are outlaid in your behalf will be billed to you plus an outlay fee. Check our tariff.

For all shipments a copy or commercial invoice / packing list in English, with a full detail description of the contents, customs HS/tariff codes, quantities and value of each item. For temporary clearances it’s also recommended to send us photos of the goods. Invoice should be in EUR, GBP or USD. They also should be addressed as follows:

- Person name for import + exhibitor name or Company (if EU EORI valid)
- Passport number / EU EORI Number
- Address of company
- No matter the country

NOTE: A Customs Power of Attorney template is available on request
